SUMMARY

Full stack developer with experience in the government sector. Trained at Rutgers University coding boot camp and earned a certificate in full-stack web development. Passionate for the development of apps from ideation to execution. Creative, great at time management, and an innovative problem-solver. Highly efficient and well established in fast-paced and challenging environments. Eager to learn with aptitude for applying new knowledge with skill and efficiency. I am confident that my technical skills and real-world experience will make me a valuable asset to any organization.

TECHNICAL SKILLS

Skills: JavaScript, Java, HTML5, CSS, JQuery, Bootstrap, AJAX, SASS, MySQL, NoSql, MongoDB, Express, ReactJS, Node, Handlebars, AWS, Spring Framework, GraphQL

PROJECTS

Medley | https://github.com/CoffeeEyes28/Medley | https://medley.herokuapp.com/
- Our inspiration for this project was to create an app that is an interactive online music collection that allows users to showcase their taste to others in a quick and engaging manner.
- Focused on backend development and front-end elements for this project.
- Worked with React, JavaScript, NoSQL, HTML/CSS, Material UI

TechNews | https://github.com/sflores926/tech-news-java-api | https://tech-news-java-api-0.herokuapp.com/
- Used Java and Thymeleaf for the front end and template engine
- Spring framework to build a web server and to model and interact with a relational database
- deployed java app to the cloud using Heroku

Furrever | https://github.com/CoffeeEyes28/Furrever | https://enigmatic-gorge-61389.herokuapp.com/
- Our inspiration for this project was the hope to help fostered pets find their forever homes
- Mainly focused on backend development and assisted in the integration of front-end elements
- Created the database + config, CRUD operations for controllers, handlebars, and seeds.
- Worked with Cloudinary, BCrypt, Multer, Bulma, Express, Cookie Session / HTML/CSS, JavaScript, SQL

EDUCATION

Rutgers University
Certificate in Full Stack Web Development, New Brunswick, NJ   graduated - 12/2022

A 24-week intensive Full Stack Web Development program focused on gaining skills in HTML5, CSS3, JavaScript, jQuery, Express.js, React.js, Node.js, progressive web apps, agile methodology, computer science, database theory, MongoDB, MySQL, Git, and more.

EXPERIENCE

Career Break: Caregiving   2017 - Present
                                                                     Bound Brook, NJ

Keyboarding Clerk   02/2015 – 06/2017
Somerset County Board of Social Services   Somerville, NJ

- Provided quality clerical support through data entry, document management, email correspondence and overseeing operation of office equipment.
- Brought organization by creating a log to keep track of clients and notes, to assist clients better in future calls.
- Promptly received and forwarded incoming communications, such as phone calls, emails and letters, to appropriate staff.
- Trained and provided guidance to new clerical employees in the call center and reception area.
- Repeatedly assisted in translating for clients during in-person interviews or over the phone.
